Subject: NWOD In-Canal Stabilization Test Section Work Plan for Agency Review - Today if possible

Kathy, Liz, Bill

Attached is a NWOD In-Canal Stabilization Test Section Work Plan for your review, today if possible. We expect to complete removal of the sediment from Section 2A of the canal by the end of next week, so we would like to begin preparing for a test section on Monday to make it happen.

Feel free to call me with any questions or comments. We would like to give the contractor notice for the test section by end of day Monday if at all possible.

Thank you for your consideration of the in-canal stabilization work plan.
